

Cyber Liability Coverage

MPIE can help you respond to cyber attacks with a variety of benefits already included in your policy.

Preserve your reputation

through our *Network Asset Protection* which covers the cost to recover/replace compromised/lost data; *Multimedia Liability* which offers defense costs for claims of infringement, libel, slander, plagiarism or personal injury; and *Cyber Extortion Coverage*. MPIE cares about your practice and expenses incurred after a cyber breach by providing *Cyber Terrorism Coverage*; defense costs for fines and penalties imposed by banks/credit card companies; as well as *BrandGuard Coverage* for loss of a practice's net profits.

Protect patient data

through our *Privacy Breach Response Costs, Notification, Breach Support and Credit Monitoring Expenses Coverage*. This benefit provides legal expenses, notification to patients and ability to set up call centers, provide credit monitoring for any affected patients.

Uphold HIPAA and regulatory body rules

with our *Security/Privacy Liability Coverage and Privacy Regulatory Defense/Penalties Coverage* which provides defense costs from a security/privacy breach as well as covering the cost of any federal, state or local government agencies.

For more information about the cyber coverages included in your policy, or for a quote on additional coverage, please contact us at underwriting@mpie.org
